

CRAZY LOVE [Marianne Faithfull - Crazy Love](#)

Gm/D melody starts on G C7
V1 Hated by all, and everywhere he goes Blazing contempt for human life and lies,
Murder as art, and what he knows, he knows From life and fear in other people's eyes.

CHORUS

Em Am
Crazy love is all around me Love is crazy, love is kind
F C Am G7
But I know somehow you'll find me Love is crazy, love is blind.

V2 She walks the boulevard without a care
Knowing too much, but having come so far.
Pretending life is just a game you play for nothing
Loving no-one and no one

REPEAT CHORUS

Crazy love is all around me Love goes crazy given time
But I know somehow you'll find me Love is crazy, love is blind.

INSTRUMENTAL = verse / chorus

V3 She looks as if expecting a surprise:
Maybe an encounter that will change her life.
Not knowing hot from cold or good from bad
If life is just a joke or if it makes her sad.

REPEAT CHORUS x2

2nd time...

Love goes crazy given time,

OUTRO INSTR = CH x 2
