V2 And so you're back From outer space
I just walked in to find you here With that sad look upon your face
I should have change that stupid lock I should have made you leave your key
If I had known for just one second You'd be back to bother me

CHORUS

Go on now go Walk out the door
Just turn around now 'Cause you're not welcome anymore
Weren't you the one who tried to break me with goodbye
You think I'd crumble You think I'd lay down and die

Oh no not I I will survive
Oh as long as I know how to love I know I'll stay alive
I've got all my life to live And I got all my love to give
I'll survive I will survive Hey hey

INSTR as for 1 verse

V3 It took all the strength I had Not to fall apart
Kept trying hard to mend the pieces Of my broken heart
And I spent oh so many nights Just feeling sorry for myself
I used to cry But now I hold my head up high

V4 And you see me Somebody new
I'm not that chained up little person Still in love with you
And so you felt like dropping in And just expect me to be free
Well now I'm saving all my loving For someone who's loving me
